Facilities to inspire

You can choose from a number of versatile spaces at our High Wycombe and Uxbridge Campuses.

The cornerstone of our facilities is the RIBA award-winning Gateway building on our High Wycombe Campus - a light, vibrant and stylish venue, offering a choice of private meeting rooms and a fully-equipped three-screen 200-seat lecture theatre. The Gateway is also home to our modern sports and fitness complex, providing a range of facilities, including a sports hall, dance studio, gym, all open to the public.

On the High Wycombe Campus, we have an impressive media centre, with the latest industry-standard audio recording and filmmaking facilities, as well as a fully-equipped photographic studio and computer suites. In 2016 we also launched a Human Performance Laboratory and treatment rooms.

Our Uxbridge Campus hosts a range of specialist high-tech nursing and healthcare simulation and learning facilities, including clinical skills labs. This campus also offers comfortable, spacious meetings rooms, alongside the latest in medical training equipment.

If you're looking for somewhere to stay, we have a wide choice of accommodation available for hire during the summer months.
